### **Rediscovering the Sacrament of Reconciliation**

As we prepare for the celebration of Thanksgiving, Advent, and Christmas, it is our hope that the Sacrament of Reconciliation becomes a regular part of the lives of every person. Monthly confession is the recommended frequency as we each strive to overcome the tendency to sin in our lives. What are the three effects of the Sacrament of Reconciliation?

1. Forgiveness of sins
  2. Healing and peace
  3. Grace to overcome sin in the future
- Give yourselves a gift this season and rediscover this sacrament in your life.
